The World's Largest Dinosaurs: The Science Behind Their Size
 May 5 - September 9, 2018

Meet a 60-foot dinosaur and try your hand at data gathering and games; investigate touchable fossils and models, and learn to excavate in the dig pit. This multi-media, immersive exhibition explores the latest dino science and goes beyond bones and into the bodies of these titans. Major support from U.S. Bank and Shasta Regional Medical Center. Additional support from Pamela Ikuta and Don Burton. This exhibition is organized by the American Museum of Natural History, New York (amnh.org) in collaboration with Coolture Marketing, Bogotá, Colombia.

Turtle Bay's McConnell Arboretum & Botanical Gardens & Nursery

The Gardens comprise over 25 acres of mediterranean-climate display gardens, a children's garden, a medicinal garden, two beautiful and unique water features, and contemplative environmental art. The Arboretum extends over 200 acres with a loop trail that links to the award-winning Sacramento River Trail.

Turtle Bay Museum

Turtle Bay Museum is the cornerstone of the Park. Within its 34,000 square feet, five permanent exhibits and two changing exhibition galleries capture the art, history, science, and culture of the region.

Exploration in the Museum

Paul Bunyan's Forest Camp

This area is modeled after an old-time forest camp. North State forests and wildlife are the heart of the Millhouse and Wildlife Woods. See live animals, explore hands-on exhibits, interact with a water feature, feed the birds in the Parrot Playhouse year-round aviary, see a historic railroad exhibit and forestry equipment, and meander between the live animal exhibits in Wildlife Woods.
